

IN THE CLAIMS:

Please amend claims 4 and 6 as indicated in the following listing of claims:

4. (Currently Amended) A method of treating voiding dysfunction associated with neurogenic bladder, comprising administering tamsulosin or a pharmaceutically acceptable salt to a patient with neurogenic bladder, wherein the patient does not exhibit lower urinary tract obstruction.

5. (Previously Submitted) A method of treating neurogenic bladder comprising administering an effective amount of tamsulosin or a pharmaceutically acceptable salt thereof to a patient with neurogenic bladder.

6. (Currently Amended) A method of treating voiding dysfunction associated with neurogenic bladder, comprising administering an effective amount of tamsulosin or a pharmaceutically acceptable salt thereof to a patient with neurogenic bladder, wherein said voiding dysfunction is not associated with benign prostatic hypertrophy.
